

King Richard Schools serves the needs of secondary age children in British Forces Cyprus. We understand that service children may only be with us for a short period of time and for this reason we have ensured that our uniform is significantly cheaper than the UK average. We have also ensured that our uniform is befitting the climate in Cyprus.

We no longer have summer/winter uniforms. It is up to parents & students which items from the agreed list they wear throughout the year. Our only stipulation is that the items chosen are from the agreed list within our Uniform Policy (below) and are worn appropriately.

Our uniform is gender neutral and we encourage students to choose what they feel most comfortable in from the below:
